### HELPFUL TIPS FOR TODAY

#### Dress Code: Laid Back Lounging

You're on vacation- relax! Jeans, polo shirts, sundresses and blouses are fine. But please keep swimwear to the pool deck. Shorts are welcome for breakfast and lunch.

#### Guest Assembly Drill for ALL Guests

There will be a mandatory Guest Assembly Drill today at 4:00 pm. All Guest Services facilities will be closed during the drill.

#### Play Smart. Swim Smart. Stay Safe.

Make a splash at the pool - but keep safety top of mind, too. Although lifeguards are on duty, adult supervision is still required for children 12 and under at all times on the pool deck. By keeping vigilant, you'll keep your loved ones - and your memories - safe and sound.

#### Luggage Delivery

If your luggage contains alcohol or prohibited items, such as irons, extension cords, power strips, travel steamers, hot plates, knives etc. Security and Bar Staff will hold these pieces of luggage on Deck 1 midship, and you will be able to collect your luggage any time after 4:30 pm. Please use the elevators or staircase nearest to the dining room area in the aft of the ship.

The delivery of the non-prohibited luggage to the staterooms will be done up till 6:00 pm. If you did not receive the luggage until this time please ask your stateroom attendant. Thank you for your patience and understanding.

#### Let's keep it clean!

Discharge of any garbage into the sea is prohibited by Royal Caribbean and International Convention regulations. Violations may result in penalties.

Tomorrow we will be:

## HEALTH AND SAFETY INFORMATION

**Stay safe! Prevent Mosquito Bites:** To reduce the risk of mosquito bites that may carry Zika virus or other diseases, apply deet mosquito repellent to skin & clothing. Remain indoors when possible. Didn't pack repellent? It can be purchased the Gift Shop or Medical Facility.

**Body Camera:** For the safety and well-being of all persons onboard, some members of our Security Team will be wearing Body Cameras as part of their uniform.

**Helpful Health Information:** Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses – such as Norovirus, which can be transmitted through person-to-person contact – is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. According to the U.S. Center for Disease Control and Prevention and Public Health Agencies around the world, Norovirus affects millions on land each year. In fact, the only illness that is more prevalent is the common cold. Symptoms of Norovirus include an upset stomach, vomiting and diarrhea. Should you experience any symptoms of gastrointestinal illness, you must visit the ship's medical facility for consultation and treatment, if necessary.
