## HEALTH AND SAFETY INFORMATION

**Helpful Health Information:** Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses – such as Norovirus, which can be transmitted through person-to-person contact – is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. According to the U.S. Center for Disease Control and Prevention and Public Health Agencies around the world, Norovirus affects millions on land each year. In fact, the only illness that is more prevalent is the common cold. Symptoms of Norovirus include an upset stomach, vomiting and diarrhea. Should you experience any symptoms of gastrointestinal illness, you must visit the ship's medical facility for consultation and treatment, if necessary.

**No Diapers:** In accordance with Public Health regulations, young children in diapers/pull-ups/swimmers may not use the pools/whirlpools, even if accompanied by a parent/guardian. Guests are reminded there is a lifeguard on duty and all pool rules must be observed. Children must be supervised at all times.

### Drink Of the Day CARIBBEAN SLING

Pineapple adds the sweet. Blackberry adds the tart. Orange adds the tang. And rum adds the spice to this colorful creation
