GEORGE TOWN, GRAND CAYMAN

Grand Cayman is an interesting Caribbean island since it has many of the components you might expect from an island in the middle of the Caribbean Sea - beach bars, sandy coastline, crystal clear water in shades of aquamarine - but it also has a vibrant and cosmopolitan business district that is known for its offshore banking. Despite the financial buzz going on in Grand Cayman, the island retains a laid-back vibe that makes cruises to Grand Cayman a fun vacation spot whether you're traveling as a couple or as a family with young kids.
